Dropout Prevention/Restructuring Plan Assurances Page

On behalf of North Bolivar Consolidated School District, I hereby submit the Dropout Prevention/Restructuring Plan to provide goals, activities, and services necessary to meet the overarching goals of the state dropout prevention plan:

- Reducing the retention rates in grades kindergarten, first and second.
- Targeting subgroups that need additional assistance to meet graduation requirements.
- Developing dropout recovery initiatives that focus on students age seventeen (17) through twenty-one (21), who dropped out of school (i.e., Mississippi Works).
- Addressing how students will transition to the home school district from the juvenile detention centers.

I hereby certify that our school district will evaluate our district dropout prevention plan on an annual basis to determine appropriate changes needed for future school years.

I hereby certify that our District School Board has reviewed and approved this plan for submission to the Mississippi Department of Education.

Graduation & Dropout Rate

Academic Year	Graduation Rate	Disability Graduation Rate	Dropout Rate
2017-2018 (2019)	80.0 % (80 students)	N/A	12.5%
2018-2019 (2020)	84.2% (76 students)	N/A	7.9%
2019-2020 (2021)	87.9% (58 students)	N/A (5 students)	8.6%
2020-2021 (2022)	72.5% (80 students)	15.4% (13 students)	16.3%

North Bolivar Consolidated School District Goals

1. ***Accountability for all: Ensure all students receive a quality education***
 - **Objective A:** Increase the accountability rating of Northside High School to a “B” or higher by the end of the 2019-2020 school year.
 - **Objective B:** Strengthen principal and teacher quality, recruitment, and retention yearly.
 - **Objective C:** Increase teacher attendance rate by 5% annually.
 - **Objective D:** Increase student attendance rate by 5% annually.
2. ***Communication and Collaboration: Commitment to collaboration, cooperation, and communication***
 - **Objective A:** Increase the number of parents/community members who are actively engaged in school activities by 10% annually school-wide.
 - **Objective B:** Increase the number of community business partnerships annually districtwide.
 - **Objective C:** Increase the number of parents who actively participate in PTA activities by 5% annually districtwide.
3. ***Safety: Safe and Secure environment***
 - **Objective A:** Reduce the number of discipline referrals by 10% annually.
 - **Objective B:** Reduce the number of suspensions by 10% annually.
 - **Objective C:** Reduce the number of work-related incidents by 10% annually.
4. ***Finance: To ensure fiscal stability***
 - **Objective A:** Maintain a 10% district maintenance fund balance to protect the district from deficiencies in local, state, and federal funding annually.
 - **Objective B:** Implement the “Integrity” accounting system 100% districtwide.
 - **Objective C:** Create a long-term district financial plan by the end of the 2021-2022 school year.

Needs Assessment Outcomes

Needs Assessment Areas	Descriptions
<p style="text-align: center;">Target Group Identified</p>	<p>Target subgroups were identified based on district data and needs assessments conducted by the district:</p> <ul style="list-style-type: none"> • Students performing below proficient on Subject Area Tests and MAAP • Students who have been retained for 2 or more years • Students who are potentially at-risk of dropping out due to low academic achievement, poor attendance, and excessive suspensions (three or more) • Students who participate in multi-leveled intervention support systems for academic and behavioral issues
<p style="text-align: center;">Data Collection Methods Used</p>	<p>The North Bolivar Consolidated School District’s data collection methods include:</p> <ul style="list-style-type: none"> • Random sample surveys (students, parents, community members, and teachers) • MSIS reports detailing academic achievement, attendance, and disciplinary infractions • State Assessment data, iReady Assessment data, CASE 21 Score reports, Edgenuity (My Path) Score reports
<p style="text-align: center;">Prioritized List of Needs</p>	<p>North Bolivar Consolidated School District identified the following factors that increased the percentage of students dropping out of school and/or retention:</p> <ul style="list-style-type: none"> • Identify all students K-12 reading below grade level • Identify all students K-12 scoring below proficient on MAAP and, • Identify all students K-12, two or more grades below grade level.

<p>Short Term Goals</p>	<ul style="list-style-type: none"> • Increase the number of students scoring proficient and advanced on standardized tests by utilizing benchmark assessments and progress monitoring students bi-weekly and monthly. • Decrease the number of students being retained over the next two years by providing interventions and afterschool tutorials. • Decrease the number of absentees for students to improve Average Daily Attendance by utilizing parent liaison to call parents, send written communications home, and conduct home visits.
<p>Long Term Goals</p>	<ul style="list-style-type: none"> • Increase the accountability rating of the district to a “C” or higher by the end of the 2022-2023 school year. • Increase student attendance rate by 10% annually.

District Level Requirements

Reducing the retention rates in grades kindergarten, first, second, and third

Goal: Strengthen retention rate by decreasing 3rd grade retention from 20% to 10%, by increasing student achievement in grades kindergarten, first, and second grades (2022-2023)

The North Bolivar Consolidated School District (NBCSD) believes that given the support, students can achieve academic excellence. We are, in an effort to reduce the retention rate in our schools at all grade levels, but especially K-3, utilizing the following programs and practices:

- Multi-Tiered System of Supports (MTSS) — NBCSD Administrative Team will implement the MTSS in order to provide academic and behavioral interventions for identified students. Training will be sought for administrators and teachers to enhance implementation efforts of the model.
- Literacy Coach (MDE) — MDE has assigned a literacy coach to one of our elementary schools. The coach assists with the implementation of the Literacy Based Promotion Act. Assistance is provided through observations, modeling and co-teaching in the classrooms, professional learning communities, professional development, and data analysis.
- Intervention Block/Computer-Assisted Programs — Each elementary school designated at least 20 minutes of time focused on intervention and remediation. During this block of time, students practice on skills taught in the regular classroom for remediation or enrichment purposes through the use of programs such as i-Ready and Study Island. These programs provide individual learning paths for students based on diagnostic assessment data. The students also receive essential computer literacy and coding skills.
- After School Tutorial and Summer School — Teachers provide after school tutorial assistance for students. [All subgroups]
- Progress Monitoring/Benchmarking — NBCSD assesses our students at least 3 times per year to determine their strengths and weaknesses in reading and mathematics. The elementary schools use the i-Ready and Renaissance STAR assessments which are aligned to the progress monitoring system used by MDE for MKAS2 testing. All schools use Mastery Connect for the assessment of standards.
- Save the Children Partnership — Save the Children provides tutorial services for K-6th grade students during and after school in reading and math to ensure that they are

cognitively ready to enter Kindergarten and achieve proficiency in math and reading by the end of third grade.

- Parental Involvement Activities — NBCSD believes that parents are our children's first teachers. Each elementary school offers various activities to involve parents in the learning process. Some such activities include, but are not limited to, Literacy, Math, and Science Nights, active PTAs, parent workshops, Muffins for Moms, Donuts for Dads, and parent/teacher conferences. In addition, parents are encouraged to volunteer as classroom readers. Also, the district employs a parent liaison to help bridge the communication gap between school and home, and a community ambassador will be utilized to bridge the gap between school, community, and home.
- The elementary school counselor incorporates SEL lessons into the school daily in order to build self-confidence and to promote strong character and citizenship among the students. In addition, the counselor works with students individually and in group sessions to neutralize social challenges that are prevalent in the home and community. Data is constantly reviewed in order to address the needs of the students. Motivational incentives and events for achievement are in place at each school.

Targeted subgroups that need additional assistance to meet graduation requirements

Targeted subgroups include students who failed EOC assessments, students with disabilities, students who have failed 2 or more grade levels, students lacking required credits, and students who are chronically absent.

NBCSD high school offers the following:

- Learning Strategies Classes — Students in grades 9-12 who have failed a graduation-required state assessment are scheduled in learning strategies classes that are geared toward a specific subject. In these classes, students are provided academic interventions to enhance chances of being successful on the assessments. [Failed EOC Assessment]
- In-school and Afterschool Tutorial — Subject area teachers provide in-school and afterschool tutorial assistance for students in the tested areas. [All subgroups]

- Multi-Tiered System of Supports (MTSS) — NBCSD Administrative Team will implement the MTSS to provide academic and behavioral interventions for needed students. Training will be sought for administrators and teachers to enhance implementation efforts of the model. [Failed 2 or more grades; chronically absent]
- Other Courses - In addition to the regular course offerings, NBCSD offers Mississippi Virtual School courses, AP Courses, Dual Enrollment Courses, ACT Prep, Credit Recovery, and ISPs designed with assistance from the counselor. [Credit Recovery for students lacking required credits; All subgroups]
- Graduation Options— School counselors ensure students are aware of and take advantage of MDE graduation options which are applicable to any subject area testing program. [All subgroups]
- Community Leaders and Organizational Partnerships — Partnerships have been created with community leaders and organizations to provide mentorship for our students. Also, these leaders and organizations assist the schools in their character education programs. The district also has an active P-16 to receive community input on district decisions. [All Subgroups]
- Computer-Assisted Programs —Northside High School has designated at least 20 minutes of time focused on intervention, remediation, and enrichment. During this block of time, students practice on skills taught in the regular classroom for remediation or enrichment purposes through the use of programs such as i-Ready, USA Test Prep, Mastery Prep (ACT), Edgenuity, etc. These programs provide individual learning paths for students based on diagnostic assessment data. [All subgroups]
- MDE Digital Learning Coach- The DLC provides individualized support to administrators and teachers to overcome the challenges of digital learning and use educational technology to improve student outcomes. A cohort of teachers will engage in classroom observations, coaching conferences, collaborative lesson planning, and modeling and co-teaching.

Developing dropout recovery initiatives that focus on students age seventeen (17) through twenty-one (21), who dropped Out of School (i.e., Mississippi Works)

The North Bolivar Consolidated School District will establish partnerships with local colleges and community agencies that provide GED or other high school diploma programs. These partnerships will be used to connect students who want to continue education outside the regular school setting with these agencies and colleges. Partnerships will include but are not limited to the following:

St. Gabriel Mercy Center, Inc.

Coahoma Community College

MS Delta Community College

Mississippi Department of Rehabilitation Services

In an effort to be proactive, North Bolivar Consolidated School District will monitor student data and obtain assistance from the parent liaison and attendance clerk prior to a student's decision to drop out of school. NBCSD will also continue to work with the local School Attendance Officer and court officials to ensure all children attend school daily and receive the best education possible.

Addressing how students will transition to the home school district from the juvenile detention centers

Students will transition to their home schools through the following process:

A transition team consisting of school administrators, counselors, and teachers will meet with the student and parent(s) to discuss academics, behavior, and other expectations. The counselor will conduct an initial observation to identify areas of support. Weekly checks, check and connect, and a mentor will be implemented to monitor student progress by reviewing grades, attendance, and disciplinary infractions to ensure a successful transition. Students may be placed on a behavior intervention plan if deemed necessary.

Counseling services will be provided through the school counselors and/or school therapists which are available through a partnership with local Mental Health Services, Life Help, and the Shaw Medical Clinic.
