Procedures

**XV. EMPLOYEES' COMPLAINTS OF SEXUAL
DISCRIMINATION/HARASSMENT PROCEDURES**

GAEAA

Employees in the North Bolivar Consolidated School District are protected from sexual discrimination, including sexual harassment, by Title VII of the Civil Rights Act. It is the intent of the Board to maintain an environment free from sexual harassment of any kind. Therefore, unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited.

This complaint procedure shall provide a process for filing, processing and resolving complaints on such matters. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

 - 2) QUID PRO QUO HARASSMENT — Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting that individual.
 - 3) HOSTILE ENVIRONMENT HARASSMENT — Such conduct has the purpose or effect of unreasonably interfering with the employee's work performance or creating an intimidating, hostile or offensive teaching or work environment.

Also see GAEA preceding.

- iii. The "complainant" is the employee who submits a complaint.

- iv. The "respondent" is the person alleged to be responsible for the violation alleged in a complaint. - v. The "Title IX Coordinator" is the person(s) designated to coordinate the District's efforts to comply with and carry out responsibilities under state and federal laws addressing equal opportunity. The "Title IX Coordinator" will manage the complaint process for both employee complaints under this policy and student complaints under the Title IX complaint procedure.

b. GENERAL RULES

- i. Since it is important that complaints be filed and processed as rapidly as possible, the number of days indicated at each step are considered to be maximum and every effort will be made to expedite the process. At any step in the complaint procedure, the time limits may be extended only when necessary under the circumstances. In no event shall these procedures be extended for more than a 90-day period.
- ii. If a review is not requested at any step within the time allotted, and if the decision at the prior step found a reasonable basis to believe that an employee has engaged in any sexual misconduct or involvement with any student under the age of 18, the Title IX Coordinator shall, immediately upon the expiration of the allotted time, submit such information to the superintendent. The superintendent shall make such information available to the appropriate District Attorney as required by district policy and Mississippi law.
- iii. Facts elicited during the complaint procedure are confidential and do not become part of a student's permanent record. A copy of documents, communications and records dealing with the processing of a complaint will be filed in a separate file as designated by the superintendent.
- iv. Facts elicited during the complaint procedure that result in adverse disciplinary action against an employee become part of that employee's personnel file.
- v. The failure of a complainant to proceed from one step to the next within the set time limits, without being granted an extension of time by the Title IX Coordinator, shall be deemed to be an acceptance of the decision previously rendered and shall eliminate any future review concerning that

particular complaint.

- vi. The failure of the reviewing officer(s) to communicate his/her decision to the complainant or respondent within the time limits shall permit the complainant or respondent to proceed to the next step.
- vii. The complainant may withdraw his/her complaint at any step without reprisal. However, a complainant shall not be permitted to refile the same complaint once withdrawn unless it is within the initial time period.
- viii. No reprisal shall be invoked against the complainant for filing a complaint or against any person for participation in any way in this procedure.

The accumulation of days is unlimited if the teacher, teacher assistant, and/or administrator remains employed in the same school district. (State Law)

Two (2) of the sick leave days may be used for personal business with prior approval of the principal. Such personal leave shall not be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday, or a day after a holiday. Licensed personnel may carry over personal leave up to five (5) days.

Teachers and/or administrators who serve for periods less than contract year shall be entitled to the above sick leave in ratio to the number days served to the days of service required for that contract period. This ratio shall be computed at the rate of one day for each twenty days of service.

For the first ten (10) extended leave (substitute pay) days of absences of the certificated employee because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such certificated employee, there may be deducted from the pay of such certificated employee the established substitute amount of certificated employee compensation paid in the school district, necessitated because of the absence of the certificated employee as a result of illness or physical disability. Thereafter, the regular pay of such absent certificated employee may be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year. The extended leave days must have **prior approval** of the superintendent and the request must be put in writing to the superintendent's attention **before** any extended leave is granted. Extended leave is to be requested only after all sick leave and/or donated leave has been used and may be granted only once during the school year regardless of whether all twenty (20) days are used.

Teachers and/or administrators who are absent for four (4) or more consecutive school days, or for two (2) consecutive school days immediately preceding or following a non-school day shall

furnish the certificate of a physician or dentist or other medical practitioner as to the illness of the absent employee.

GAMD

Each employee will be issued an identification badge. The badge will be worn visibly during the hours such employee is on duty, or on campus.

Should an employee lose his/her badge, such employee should report to the Central Office Administrative Building to report the badge lost. The employee will be responsible for the \$5.00 replacement cost of the badge.

All classified (non-exempt) employees will clock in and out as directed by their supervisors. All classified personnel will be expected to comply with duty hours established by the administration and/or the Board of Trustees and clock in and out accordingly. **Time Edits should not exceed 3 per pay period.** Classified personnel will only be allowed to work overtime by obtaining prior written permission from the Superintendent.

Classified personnel must clock in/out for themselves. Under no circumstances will any non-supervisory personnel be allowed to clock another classified individual in or out, unless prior approval is given by the superintendent.

The consequences of clocking another individual in/out or being clocked in or out by another individual will be:

- First Offense - written warning
- Second Offense - suspension without pay for no more than three (3) days
- Third Offense - termination

All full-time non-certified personnel shall begin each school year with 9 days for sick leave.

Two (2) of the sick leave days may be used for personal business with prior approval of the supervisor. Such personal leave shall not be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday, or a day after a holiday.

Non-certified personnel who serve for periods less than a period of employment as listed above shall be entitled to the above sick leave in ratio to the number of days served to the days of service required for that employment period. This ratio shall be computed at the rate of one day for each twenty days of service. Provided, however, no new employee shall be entitled to the above sick leave during the first three months of employment by the district. After three months of employment the above sick leave shall apply.

Non-certified personnel who are absent for four (4) or more consecutive school days, or for two (2) consecutive school days immediately preceding or following a non-school day shall furnish the certificate of a physician or dentist or other medical practitioner as to the illness of the absent employee.

Sick leave shall cover absences due to the employee's illness or death or critical illness in the employee's immediate family which shall include father, mother, sister, wife, husband, children, or other relative whose regular residence is in the home of the employee.

The Superintendent may, in extraordinary cases of illness, injury, or bereavement, include other family members or close friends.

(b) PROCEDURES ON ABSENCES

A report of Staff Absence Form for all staff members, both certified/licensed and classified, is due within five (5) days of each absence. It is the responsibility of each employee to see that this is done.

For absences due to personal illness and family illness, a doctor's excuse must be attached to the absence form when submitted to the Central Office if the absence is for two (2) days preceding or following a non-school day or for four (4) consecutive days. Failure to attach a doctor's excuse may result in salary deduction for the number of days missed. A letter requesting that the absence be covered must be attached to the absence form when referring to Policy GARI where "the Superintendent may, in extraordinary cases, include other family members of close friends."

Extended personal illness is determined by the Superintendent and the absence form must always be accompanied by a doctor's excuse. In the case of extended illness, the doctor's excuse is preferred prior to the illness, if possible.

If personal business is taken on any days, not in accord with policy, the salary will be deducted but the day will not count against the employee. Salary deduction will be made for any personal business days used in excess of the two (2) allocated but the days will not count against the employee.

(c) NON-CERTIFIED PERSONNEL — PERSONAL BUSINESS LEAVE AWARDS

Non-certified staff member with no absences will be awarded one additional personal business day to be used during the school year. This day will not carry over to the next year. In order to be eligible for this additional personal business day, the employee must be a full-time employee who worked the entire school year during the previous school year.

Non-certified staff members with one absence will be awarded one-half additional personal business day to be used during the school year. This half-day will not carry over to the next year. In order to be eligible for this additional half-day of personal business leave, the employee must be a full-time employee who worked the entire school year during the previous school year.

XXXI. FAMILY MEDICAL LEAVE ACT	GBRIA
---------------------------------------	--------------

Due to the complexity of the Family Medical Leave Act (FMLA) and because it involves

consideration of the district's leaves and absences policy and practices, along with the Americans with Disabilities Act (ADA), the Fair Labor Standards Act (FLSA), the Consolidated Omnibus Budget Reconciliation Act (COBRA) and parts of the Internal Revenue Code relating to group health plans and cafeteria plans, all federal anti-discrimination laws and applicable state laws, it is not practical to cover every section of the FMLA. Each request for leave must be evaluated individually due to myriad combinations of circumstances and medical conditions one may have to consider. North Bolivar Consolidated School District has a competent analysis of the rules, regulations and guidelines of the FMLA to review while evaluating individual requests for leave under FMLA. The district will act in good faith in answering questions from employees about their rights and responsibilities under the FLMA. However, North Bolivar Consolidated School District attorney will always be consulted when there is uncertainty.

The North Bolivar Consolidated School District shall be in compliance with all requirements of the Family Medical Leave Act in regard to posting and notice requirements, provision of information to staff members through district publications, and other regulations affecting staff.

instructional program.

- 8) An eligible employee may be required to extend leave through the end of a semester if he/she would otherwise have returned within the last two (2) or three (3) weeks of the semester's end depending on the date on which the leave commenced and the duration of the leave.

The contract shall show the name of the district, the length of the school term, the position held, the scholastic years which it covers, the total amount of the annual salary and how same is payable. The amount of salary to be shown in such contract shall be in the amount which shall have been fixed and determined by the School Board but as to licensed employees paid in whole or in part with adequate education program funds, such salary shall not be less than that required under the provisions of Chapter 19 of this title. The contract entered into with any person recommended for a licensed position who is anticipating either graduation from an approved teacher education program before September 1 or December 31, as the case may be, or the issuance of a proper license before October 15 or February 15, as the case may be, shall be a conditional contract and shall include a provision stating that the contract will be null and void, if as specified in the contract, the contingency upon which the contract is conditioned has not occurred. If any licensed employee or person recommended for a licensed position who has been elected and approved shall not execute and return the contract within ten (10) days after same has been tendered to him for execution, then, at the option of this school board, the election of the licensed employee and the contract tendered to him shall be null and void and of no effect. §37-9-23 (1998)

(d) LENGTH OF CONTRACT

This School Board has the power and authority, in its discretion to employ licensed employees for

not exceeding three (3) scholastic years. In such a case, contracts shall be entered into with such licensed employees for the number of years for which they have been employed. All such contracts with licensed employees shall for the years after the first year thereof be subject to the contingency that the licensed employee may be released if, during the life of the contract, the average daily attendance shall decrease from that existing during the previous year and thus necessitate a reduction in the number of licensed employees during any year after the first year of the contract. However, in all such cases the licensed employee must be released before July 1 or at least thirty (30) days prior to the beginning of the school term, whichever date should occur earlier. The salary to be paid for the years after the first year of such contract shall be subject to revision, either upward or downward, in the event of an increase or decrease in the funds available for payment thereof, but, unless such salary is revised prior to the beginning of a school year, it shall remain for such school year at the amount fixed in such contract. However, where school district funds, other than adequate education program funds, are available during the school year the salary to be paid for such year may be increased to the extent that such additional funds are available and nothing herein shall be construed to prohibit the same. §37-9-25 (1997)

(e) OTHER CONSIDERATIONS

In employing and contracting with licensed employees, this School Board shall in all cases determine whether the amount of salary to be paid such licensed employee is in compliance with the provisions of Chapter 19 of this title. No contract shall be entered into where the salary of a licensed employee is to be paid in whole or in part from adequate education program funds except where the requirements of said chapter as to the amount of such salary are fully met. Nothing herein shall be construed, however, to prohibit this school district from increasing the salaries of licensed employees above the amounts fixed by said chapter, provided that the amount of such increase is paid from funds available to this district other than minimum program funds. §37-9-33 (1997)

(f) FIXING OF SALARY

The amount of the salary to be paid any licensed employee shall be fixed by this School Board, provided that the requirements of Chapter 19 of this title are met as to licensed employees paid in whole or in part from adequate education program funds. In employing such licensed employees and in fixing their salaries this School Board shall take into consideration the character, professional training, experience, executive ability and teaching capacity of the licensed employee. §37-9-37 (1997)

The annual salaries so fixed shall be made payable in equal monthly or, within the discretion of this School Board, in equal semi-monthly installments for the number of scholastic months for which the school is to be operated. However, the Superintendent of Schools at the request of the licensed employee being contracted with, shall make such salary payable in equal monthly or semi monthly installments for a period of months in excess of the number of months for which the school is to be operated, but not exceeding twelve (12) months. If the contract is based on the number of scholastic months for which the school is operated, the monthly payments shall be made on the last regular school day of each calendar month or semi-monthly payments shall be

made on the 15th of the month or the last working day prior to the 15th except for the month of December, provided, however, that the last monthly payment may, at the discretion of this School Board, be made on the last day of the scholastic term when such licensed employee has completed his or her assigned responsibilities. - If the contract is based on a period of months in excess of the number of months for which the school is to be operated, the first such payment shall be made on the last regular school day of each calendar month thereafter for the number of months provided by the contract, provided, however, if the last scholastic month ends during the calendar month or in months when school is not in session, payment shall be made on what would have been the last regular school day of the month if school were in session. A licensed employee who completes the entire scholastic year shall be entitled to payment for the full

number of monthly payments provided by the contract without regard to his activity at the time when his services are not required by the school. If a licensed employee is released during the school term by agreement between the School Board and such licensed employee, then such licensed employee shall be entitled to such proportion of the annual salary as the time which he shall have taught shall bear to the total school term, and any balance which may be him shall be paid at such time as the Board may determine, but not later than the close of the then current scholastic year. Provided further, that upon written

request when entering into an employment contract, personnel may, within the discretion of this School Board, be paid twice a month on the 15th of the month or the last working day prior to the 15th and on the last regular school day of each month except for the month of December. §37-9-39 (1997)

The salaries of licensed employees shall be paid by pay certificates issued by the school district superintendent or the administrative superintendent. Such pay certificates may be issued without additional authorization of this School Board where the amount of salary has been fixed and a contract entered into as is provided in this chapter. All pay certificates shall be preserved by him as a part of the official records of his office for the same time and in the same manner as other records are preserved. Except as is herein provided, the said warrants shall be governed in all respects by the same laws regulating the issuance of other warrants for other purposes. All pay certificates and warrants issued shall show the gross amount of the salary and all authorized deductions therefrom for income taxes, social security, retirement contributions and other lawful purposes. §37-9-41 (1997)

(g) EXECUTION OF WRITTEN CONTRACT

It shall be unlawful for any licensed employee to be paid for any services as such until a written contract has been executed as is provided and required by this chapter. If any superintendent shall make any such payment prior to the execution of the contract he shall be civilly liable for the amount thereof, and, in addition, shall be liable upon his bond. If any licensed employee, shall willfully and without just cause breach his contract and abandon his employment he shall not be entitled to any further salary payments either for services rendered prior to such breach or for services which were thereafter to have been rendered. Nothing in this section, however, shall prevent the employment and payment of substitute teachers without a written contract.

§37-9-43 (1997)

(h) SALARY DEDUCTIONS

It shall be unlawful for the Superintendent of Schools or administrative superintendent to deduct or permit to be deducted from the salary of any licensed employee any dues, fines or penalties payable or alleged to be payable because of the membership of such licensed employee in any organization or association. However, dues or premiums in health associations or corporations and tax sheltered annuity deductions authorized by the United States Internal Revenue Code may be deducted upon written authorization from the licensed employee involved. Any Superintendent of Schools or administrative superintendent who shall make such deduction or permit any such deduction to be made, except those herein provided, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not more than twenty-five dollars (\$25.00) for each such deduction. §37-9-49 (1987)

(i) RELEASE FROM CONTRACT

Any licensed employee in this school district who is under contract to teach or perform other duties and who desires to be released from such contract shall make an application in writing to this school board for release therefrom, in which application the reasons for such release shall be clearly stated. If this board acts favorably upon such an application for release, such licensed employee shall be released from his contract, and said contract shall be null and void on the date specified in the school board's order. §37-9-55 (1997)

(j) BREACH OF CONTRACT

If any licensed employee in any public school of this state shall arbitrarily or willfully breach his or her contract and abandon his or her employment without being released therefrom as provided in Section 37-9-55, the contract of such licensed employee shall be null and void. In addition thereto the license of such licensed employee may be suspended by the State Board of Education for a period of one (1) year as provided in Section 37-3-2(8) upon written recommendation of the majority of the members of this School Board. §37-9-57 (1997)

(k) PROHIBITED ACTION

This School Board is prohibited from denying employment or reemployment to any person as a licensed employee, as defined in Section 37-19-1, for the single reason that any eligible child of each person does not attend the school system in which such licensed employee is employed. §37-9-59 (1997)

All salaries of certified/licensed personnel in the School District shall be based on the uniform salary scale as approved by the Board of Trustees each year or as required to comply with state law or State Board of Education policy.

The signature of an employee on a contract represents good faith on the part of that employee to fulfill all the requirements set forth by the administration and the Board of Trustees.

All licensed personnel except those excluded by action of the Board of Trustees shall be paid an annual salary based on the current official salary schedule which shall be published annually. The salary of the Superintendent of Schools is based on arrangements with the Board of Trustees.

Salaries of all administrative and supervisory personnel including principals shall be based on the administrative salary scale established by the Superintendent of Schools and approved by the Board of Trustees.

All salaries for personnel employed for the year in which the annual budget is approved are approved along with the annual budget by the Board of Trustees.

For the purpose of determining years of teaching experience for the minimum salary scale in accordance with Section 37-19-7 and the Mississippi Accountability and Adequate Education Program, credit for years of teaching experience is limited to those years taught in public or private schools. However, a school district does have the authority to pay a licensed educator a local supplement above the statutory minimum and, in accordance with Section 37-9-37, should consider experience outside the public and private school setting when fixing a salary above the statutory minimum salary scale. Any policy adopted by a school board that specifies the factors to be considered in fixing salary above the statutory minimum salary scale should be uniformly applied to all licensed educators within the school district. § 37-9-37.

Before the first check is paid under a teacher's contract, the following must be on file in the office of the superintendent:

- i. Completed application, together with reference evaluations.
- ii. Valid/appropriate teaching license or notification of approval form from Office of Teacher Certification.

Terms of Contract for Personnel on Less Than 12 Months - Licensed Employees

The election of all licensed personnel shall be for a specified number of days, and personnel shall work the time indicated in their contracts.

Terms of contracts vary. Personnel will be required to work the period of time deemed necessary by the Superintendent of Schools, not to exceed the number of days approved by the Board of Trustees.

Release from Contract - Licensed Employees

After July 15, a release may not be granted. Once a contract has been signed, the employee cannot be released from his/her contractual obligations until officially released by the Board of Trustees.

Each teacher's contract shall be binding on both parties, the Board of Trustees and the teacher, for the entire term of the contract, and the only grounds upon which the board of Trustees shall consider the request of a teacher to be released from any of the contractual obligations stated in the contract shall be health or other extenuating reasons. All recommendations for release from a contract must have the superintendent's written recommendation.

Compensation Guides and Contracts - Failure to Complete Contractual Responsibilities - Licensed Employees

In cases where the teacher is unable to complete the school year, his/her contract pay will be computed for the number of days worked. The total number of days as stated on the contract will be divided into his/her total contract salary to obtain the daily rate. The daily rate will be multiplied times the number of days worked to arrive at the total salary earned. The product of the number of payments made times the monthly installment amount will be deducted from the total salary earned to determine any balance due the teacher.

LI. PROFESSIONAL PERSONNEL SUSPENSION/DISMISSAL	GBK
--	------------

If any licensed employee shall arbitrarily or willfully breach his/her contract and abandon his/her employment without being released therefrom as provided in Section 37-9-55, the contract of such licensed employee shall be null and void. In addition thereto the license or license of such licensed employee shall be suspended by the State Board of Education for a period of one (1) year as provided in Section 37-3-2(8) upon written recommendation of the majority of the members of this School Board. §37-9-57 (1997)

For incompetence, neglect of duty, immoral conduct, intemperance, brutal treatment of a student or other good cause the superintendent of this school district may dismiss or suspend any licensed employee. Before being so removed or suspended any licensed employee shall be notified of the charges against he/she and he/she shall be advised that he/she is entitled to a public hearing upon said charges.

In the event the continued presence of said employee on school premises poses a potential threat or danger to the health, safety or general welfare of the students, or in the discretion of the superintendent, may interfere with or cause a disruption of normal school operations, the superintendent may immediately release said employee of all duties pending a hearing if one is requested by the employee. In the event a licensed employee is arrested, indicted or otherwise

charged with a felony by a recognized law enforcement official, the continued presence of the licensed employee on school premises shall be deemed to constitute a disruption of normal school operations.

This School Board, upon a request for a hearing by the person so suspended or removed shall set a date, time and place for such hearing which shall be not sooner than five (5) days nor later than thirty (30) days from the date of the request. The procedure for such hearing shall be as prescribed for hearings before this Board or hearing officer in Section 37-9-111. Court as provided by law. In the event that an employee does not request a hearing within five (5) calendar days of the date of the notice of discharge or suspension, it shall constitute a waiver of all rights by said employee and such discharge or suspension shall be effective on the date set out in the notice to the employee. §37-9-59 (1997)

The principal or other appropriate administrative personnel shall have the power to suspend employees under their supervision, once approval has been given by the Superintendent of Schools, for failure to comply with school policies and procedures or reasonable requests of the administration. The employee shall have the right to a hearing as outlined in the procedures governing licensed staff grievances.

LIV. PROFESSIONAL PERSONNEL SEPARATION/NON-RENEWAL

GBN

This policy is applicable only to professional personnel covered under the Education Employment Procedures Law (EEPL) as defined in MS Code Sections 37-9-103.

This school district shall adhere to requirements of the Education Employment Procedures Law of 2001 in regard to nonrenewal of licensed education employees, in conformance with the intent of the Mississippi Legislature to establish procedures:

To provide for accountability in the teaching profession; to provide a mechanism for the nonrenewal of licensed education employees in a timely, cost-efficient and fair manner, to provide public school employees with notice of the reasons for not offering an employee a renewal of his/her contract; to provide an opportunity for the employee to present matters in extenuation or exculpation; to provide the employee with an opportunity for a hearing to enable the Board to determine whether the recommendation of non-employment is a proper employment decision and not contrary to law and to require non-renewal decisions to be based upon valid educational reasons or noncompliance with school district personnel policies. It is the intent of the Legislature not to establish a system of tenure.

Employees in this policy shall include any teacher, principal, superintendent or other professional personnel employed by the district for a continuous period of two (2) years with the district and required to have a valid license issued by the State Department of Education as a prerequisite of employment; or any teacher, principal, superintendent or other professional personnel who has completed a continuous period of two (2) years of employment in a Mississippi public school district and one (1) full year of employment with this district of current employment and who is required to have a valid license issued by the State Department of Education as a prerequisite of employment.

If the Board of Education makes a preliminary determination not to offer the school district

superintendent a renewal contract for a successive year, written notice of the preliminary non-reemployment determination must be given to the superintendent before February 1.

In the event that a recommendation is made by the school district not to offer an employee a renewal contract for a successive year, written notice of the proposed non-reemployment stating the reasons for the proposed non-reemployment shall be given by the superintendent, without further Board action, on or before March 1 to a principal and on or before April 15 to a teacher, administrator or other professional educator covered under Sections 37-9-101 through 37-9-113 of Mississippi Code of 1972, amended.

Any non-reemployment decision of this school district shall be rationally related to a valid educational reason or noncompliance with school district personnel policies and not arbitrary and capricious or based upon some constitutionally impermissible reason such as race, sex, religion, handicap, or exercise of First Amendment rights.

The superintendent, principal, or other licensed educator as defined in Section 37-9-104 receiving written notice under the provisions of this policy shall, upon written request from the employee received by the district within ten (10) days of receipt of the notice by the employee, be entitled to:

- i. written notice of the specific reasons for non-reemployment, together with a summary of the factual basis therefor; a list of witnesses and a copy of documentary evidence substantiating the reasons intended to be presented at the hearing, which notice shall be given to the employee at least fourteen (14) days prior to any hearing; if the district fails to provide this information to the employee, then the recommendation for non-reemployment shall be null and void, and the Board shall order the execution of a contract with the employee for an additional period of one (1) year;
- ii. an opportunity for a hearing at which to present matters relevant to the reasons given for the proposed non-reemployment, including any reasons alleged by the employee to be the reason for non-reemployment;
- iii. receive a fair and impartial hearing before the Board or hearing officer;
- iv. be represented by legal counsel, at his/her own expense.

Any employee requesting a hearing shall provide the school district, not less than five (5) days before the scheduled date for the hearing, a response to the specific reasons for non-reemployment, a list of witnesses and a copy of documentary evidence in support of the response intended to be presented at the hearing. If the employee fails to provide this information, then the recommendation of non-reemployment shall be final without the necessity of a hearing.

If the employee does not request a hearing, the recommendation regarding the non-

reemployment of the employee shall be final.

It is the intent of this school district to establish procedures which shall meet all requirements of the Education Employment Procedures Law of 2001 and enable the Board of Trustees to determine whether the recommendation of non-reemployment is a proper decision and not contrary to the law and not a violation of some statutory or constitutional right and not to establish a system of tenure expressed or implied or require that all decisions of non-reemployment be based upon cause with respect to employment with the school district.

Any and all hearings shall be conducted pursuant to the Education Employment Procedures Law of 2001 and Policy GBNA adopted by this Board. All proceedings under this policy are and shall be governed by the Education Employment Procedures Law of 2001, where applicable. Section 37-9-101 *et seq.*

"Strike" means a concerted failure to report for duty, a willful absence from one's position, the stoppage of work, a deliberate slowing down of work, or the withholding, in whole or in part, of the full, faithful and proper performance of the duties of employment, for the purpose of inducing, influencing or coercing a change in the conditions, compensation, rights, privileges or obligations of public employment; provided, however, that nothing herein shall limit or impair

the right of any certificated teacher to express or communicate a complaint or opinion on any matter related to the conditions of employment so long as the same is not designed and does not interfere with the full, faithful and proper performance of the duties of employment.

"Certified teacher" shall mean the following employees of this school district: classroom teachers, supervisors of programs, librarians, guidance personnel, audiovisual personnel and vocational directors.

It is hereby declared that a strike, concerted work stoppage or concerted refusal to perform lawful duties in any manner by licensed teachers against public school districts within the State of Mississippi shall be illegal, unprotected and contrary to the public policy of the State of Mississippi.

No certified teacher, group of certified teachers or teacher organization shall promote, encourage or participate in any strike against a public school district, the State of Mississippi or any agency thereof.

No person exercising any authority, supervision or direction over any licensed teacher shall have the power to authorize, approve or consent to a strike by one or more licensed teachers, and such person shall not authorize, approve or consent to such strike. No local school governing board or any person exercising authority, supervision or direction over any public school shall attempt to close or curtail the operations of the public school, or to change or alter in any manner the schedule of operations of said school in order to circumvent the full force and effect of this statute. In the event of a strike against the public school, the local school governing board shall continue school operations as long as practicable in order to ascertain which teachers are on strike, and certify the names of such teachers to the Attorney General. Any member of a local school governing board or public school administrator who violates this subsection shall be guilty of a misdemeanor and upon conviction shall be fined not less than One Hundred Dollars (\$100.00) nor more than Two Hundred Fifty Dollars (\$250.00) for each day such violation continues.

Chancery courts having jurisdiction of the parties are vested with authority to hear and determine all actions alleging violations of subsection (3) of this section. Suits to enjoin violations of subsection (3) of this section shall have priority over all matters on the court's docket except other emergency matters.

If a certified teacher, a group of licensed teachers, a teacher organization, or any officer, agent or representative of any teacher organization engages in a strike in violation of subsection (3) of this section, any public school district whose employees are involved or whose employees may be affected by the strike shall file suit to enjoin the strike in the Chancery Court of the First Judicial District of Hinds County, Mississippi, or in the chancery court having proper jurisdiction and proper venue of such actions. The chancery court shall conduct a hearing with notice to all interested parties, at the earliest practicable time. If the complainant makes a prima facie showing that a violation of subsection (3) of this section is in progress or that there is a clear, real and present danger that such strike is about to commence, the chancery court shall issue a temporary restraining order enjoining the strike. Upon final hearing, the chancery court shall either make the injunction permanent or dissolve it.

If an injunction to enjoin a strike issued pursuant to this section is not promptly complied with, on the application of the complainant, the chancery court shall immediately initiate contempt proceedings against those who appear to be in violation. A teacher organization found to be in contempt of court for violating an injunction against a strike shall be fined up to Twenty Thousand Dollars (\$20,000.00) for each such calendar day. The fines collected shall immediately accrue to the school district and shall be used by it to replace those services denied to the public as a result of the strike. Each officer, agent or representative of a teacher organization found to be in contempt of court for violating an injunction against a teacher organization shall be liable for any damages which might be suffered by a public employer as a result of a violation of the provisions of subsection (3) of this section by the teacher organization or its representatives, officers and agents. The chancery court having jurisdiction over such actions is empowered to enforce judgement against teacher organizations by the attachment or garnishment of organization initiation fees or dues.

If the court, after a hearing or notice, determines that a licensed teacher has violated subsection (3) of this section, it shall override the termination of his or her employment by the public school district. No person knowingly violating the provision of said subsection may, subsequent to such violation, be employed or reemployed as a teacher by any public school district in the state unless the court first finds a public necessity therefore.

The provisions of this subsection (8) shall be cumulative and supplemental to any other applicable provision of law. §37-9-75 (1985)

5. Any employee who refuses to take a drug and alcohol test will be subject to discipline, up to and including immediate termination of employment.
 6. The following are drugs for which the district may test: alcohol, opiates, amphetamines, phencyclidine (PCP), marijuana, and cocaine.

An employee who receives a positive confirmation drug and alcohol test result may contest the accuracy of the result or explain the results within ten days of the date of such result by filing a written statement with the superintendent. An employee, at his or her own cost, also may request that the specimen be retested at a certified laboratory of his or her own choosing.

9. If the district determines that discipline and/or discharge are not necessary or appropriate in a case where an employee is in violation of North Bolivar Consolidated School District's Drug and Alcohol Testing Policy, the employee as a condition of continued employment must complete a certified substance abuse rehabilitation program at the employee's own cost and expense. The employee may be allowed to work for the district while undergoing the treatment, but the employee must provide evidence of continued treatment and/or rehabilitation upon request. Substitute Teachers

EMPLOYMENT RELATIONSHIPS

An employment relationship is not created between trainees (student teachers) or students and this school district due to the circumstances surrounding their activities.

An employment relationship is not created between this school district and individuals who volunteer or donate their services to the school district as a public service without contemplation of pay.

Hiring off-duty policemen or deputies on a part-time basis by the school district for crowd control or for security purposes does not create a joint employment relationship between the school district and the city or county. The school district is separate and distinct and acts entirely independent of other governmental entities.

(d) HOURS WORKED

Each employee subject to FLSA shall be paid in accordance for all hours worked. Compensable time includes all time that an employee is required to be on duty. Coffee breaks, waiting time and meal periods which are frequently interrupted by calls to duty are hours worked and are compensable.

For employees subject to the FLSA the workweek begins on Saturday and ends at the end of the next Friday.

Pay periods and payroll cutoff dates are scheduled for each month of the school year. A copy of this schedule is on hand and available at each school and the central office. Payday is the last working day of each month. Hours worked shall be recorded to the nearest quarter hour at sign in and sign out by each employee on time sheets provided by the district. Submission of a false time sheet may result in suspension or dismissal. Each employee shall report to work in accordance with the schedule of working hours provided by the superintendent for each job category. Deviation from the predetermined schedule requires written approval of the superintendent.

(e) BASIC MONETARY REQUIREMENTS

All employees subject to FLSA shall be paid not less than the current minimum wage.

(f) OVERTIME PAY

All employees subject to FLSA shall be paid not less than one and one-half times their regular rates of pay for all hours worked over 40 in a workweek. Overtime pay due an employee shall be computed on the basis of the hours worked in each workweek. Overtime pay may not be waived by an agreement between employer and employees nor may the hours of work of an employee be averaged over two or more workweeks. Any overtime pay will be based on the employee's regular rate which will include all remuneration for employment. Overtime will be paid only on

hours actually worked in excess of 40 hours during the work week. When accumulated leave hours are used, those hours will be paid at regular time. Leave time cannot be combined with actual work hours to cause overtime.

(g) AUTHORIZATION FOR ADDITIONAL WORK REQUIRED

Each district employee responsible for the supervision of employees subject to the FLSA shall, prior to permitting any additional work, receive authorization from the superintendent or his/her designee. Additional work hours are any hours worked outside the normal work schedule. Additional hours worked will result in overtime only when the actual hours worked during the work week exceed forty.

The superintendent will allow the use of flex time only for PTO meetings, open house functions, and staff meetings. Flex time shall be approved by the principal and documented in writing. Documentation shall be attached to the employee's time report and submitted to the business office at the scheduled cutoff date.

The superintendent may, in an effort to keep overtime at a minimum, establish a layoff plan, if, in his/her opinion, such a plan would not be detrimental to the mission of the school district. Under such a plan an employee would be laid off after working 40 hours in a workweek. For example, the secretary who has to work ten hours a day on Monday, Tuesday, Wednesday, and Thursday would be laid off Friday and return to work the next Monday. The layoff must occur during the same workweek the 40 hours were worked.

Recognizing that all compensation is based on the workweek, not the calendar week, will minimize problems with a layoff plan. For this school district the workweek begins at 12:01 A.M. each Saturday and ends at 12:00 midnight each Friday.

(i) RECORD KEEPING

The superintendent shall require all records on wages, hours, and other items listed in the record keeping regulations (29 CFR Part 615) to be kept by the business office for the time specified by the Act.

The superintendent or his/her designee shall secure a sufficient quantity of the minimum wage poster. One poster shall be displayed in each district work site.

(j) ENFORCEMENT

District employees shall, at all times, cooperate with authorized representatives of the Department of Labor who may visit a work site.

- a. to investigate and gather data concerning wages, hours, and other employment practices;

- b. to enter and inspect any school district premises and records;
- c. to question employees to determine whether any person has violated any provision of the FLSA.

Employers who have willfully violated this law may face criminal penalties, including fines and imprisonment.

District employees responsible for supervising employees subject to the FLSA who willfully violate the terms of this policy shall be subject to disciplinary action by the school district. Any disciplinary action taken by the school district will be in addition to any relief granted to an employee by the U. S. Department of Labor or a court of law.

Willful is defined by the U. S. Department of Labor as "knew or should have known."

(k) CHILD LABOR PROVISIONS

The FLSA contains important provisions regarding the employment of children. Management personnel shall consult with the superintendent or his/her designee prior to the employment of any individual under 18 years of age.

If a decision is made to employ child labor, the hiring, hours worked, work performed, and rate of pay shall be in full compliance with the FLSA.

Violations of the FLSA child labor provisions or any regulation issued under them may subject the violator to a civil money penalty up to \$1,000.00 for each violation.

Each district employee responsible for the supervision of employees subject to the Fair Labor Standards Act shall, prior to permitting any overtime work, receive authorization from the superintendent or his/her designee.

In lieu of deducting the established substitute amount from the pay of such licensed employee, the policy may allow the licensed employee to receive full pay for the first ten (10) days of absence because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee. Thereafter, the regular pay of such absent licensed employee shall be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

Personal leave may be used for professional purposes, including absences caused by attendance of such licensed employee at a seminar, class, training program, professional association or other functions designed for educators. No deduction from the pay of such employee may be made because of absence of such licensed employee caused by personal reasons until after all personal leave allowance credited to such employee has been used. However, the superintendent of a school district, in his discretion, may allow a licensed employee personal leave in addition to any minimum personal leave allowance, under the condition that there shall be deducted from the salary of such licensed employee the actual amount of any compensation paid to any person as a substitute, necessitated because of the absence of the licensed employee. The payment shall be treated in the same manner for retirement purposes as a lump sum payment for personal leave as provided in Section 25-11-103 (e). Any remaining lawfully credited unused leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise

converted to sick leave. The annual conversion of unused vacation or personal leave to sick days for licensed or unlicensed employees shall not exceed the allowable number of personal leave days as provided in Section 25-3-93. 3. Any corporal punishment shall be reasonable and moderate and may not be administered maliciously or for the purpose of revenge. Such factors as the size, age and condition of the student, the type of instrument to be used, and the amount of force to be used and the part of the body to be struck shall be considered before administering any corporal punishment.

C. Distance/Online Learning

IAAA

Distance/Online Learning

During times of emergency closures, the teachers and staff of the North Bolivar Consolidated School District (NBCSD) may have to deliver educational services through distance learning. Distance Learning, also called distance education and online learning, is a method of studying in which lectures are broadcast or classes are conducted by correspondence or over the internet, without students needing to attend a school. Distance learning techniques may include, but is not limited to, mailed hard copy materials, web-based instruction, and/or online materials. District employees will be trained in using technology to deliver academic content in order to continue to support high quality student learning.

The District recognizes that the health, safety, and well-being of students and staff is the primary concern during times of emergency. Educators, administrators, and parents will have to collaborate creatively to ensure students continue to have access to appropriate educational materials and continue to receive daily interaction with teachers. Teacher and student responsibilities and expectations will change during any distance learning instruction.

Teacher's responsibilities are as follows:

1. Teachers will have all required technology such as laptops or tablets with them to provide remote instruction;
2. Teachers will provide guidance and feedback on class work through email, the school website, or any other approved means of communication;
3. Teachers will be available for communication during normal work hours;
4. If a teacher is not available for distance learning due to illness or a personal day, the teacher will communicate with the students/parents within 24 hours of their return to work;

Teachers will provide instruction to all students along with appropriate and reasonable accommodations to those who are on a 504 plan or an IEP;

5. Any other responsibilities approved by the Board or the Superintendent.

Student's responsibilities are as follows:

1. Students will be available for their courses during instructional periods and will complete assignments given by their teachers;
2. Students will continue to follow the expectations set by their individual classroom teachers;
3. Students who do not have electronic access or are not provided a school district device, will complete educational activities through paper/written format;
4. Students will bring any questions or concerns to their individual teachers;
5. Any other responsibilities approved by the Board or the Superintendent.

Students with Disabilities

During times of emergency, individual education must take place for all students, including students with disabilities. District employees will make decisions regarding distance learning based upon what is best for each individual student. The District will continue to comply with all applicable state and federal laws including the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act, and the Americans with Disabilities Act (ADA). Students with disabilities will continue to receive a free and appropriate public education (FAPE), however, special education and related services may be provided virtually, online, and/or telephonically in order to maintain the health and safety of both the students and teachers.

If, during an emergency closure, it becomes unfeasible or unsafe to provide certain IEP services such as hands-on physical therapy or occupational therapy, these services will be provided online. This includes, but is not limited to, extensions of time for assignments, videos with accurate captioning or embedded sign language, accessible online reading materials, and other services through video conferencing.

Where technology itself imposes a barrier to access or where educational materials simply are not available in an accessible format, children with disabilities will be provided with equally effective alternate access to the curriculum or services provided to other students. This includes, but is not limited to, distributing print material, reading educational material over the phone, and/or audio recordings.

The superintendent and/or designee shall develop procedures to support this policy.

CI. Staff Conduct on Virtual Meetings

IAAB

The North Bolivar Consolidated School District recognizes that distance learning methods may have to be instituted or other virtual meetings may have to take place at different times during the school year. During these periods of virtual interaction, the staff shall abide by the guidelines set forth in this and other relevant board policy. Access to virtual meetings must be used in a responsible, safe, ethical, and legal manner. Failure to adhere to board policy shall result in disciplinary action up to termination.

Virtual Platform Usage

Staff members shall only use board approved methods of conducting virtual meetings. Available platforms will need to be screened for security and approved ahead of time before any staff member may use a platform to conduct virtual meetings involving school business. A staff member shall seek approval from his/her superintendent before using any method of virtual meeting that has not been board approved.

Virtual meetings shall only be used when necessary, when meeting in person is unavailable, and/or when conducting physical meetings is against recommendations from the district's superintendent. Staff members shall conduct themselves in a professional manner while participating in virtual meetings with students, parents, other staff members, or district administration. All board policies and procedures shall be followed at all times.

As expected of any class interaction, participants are expected to treat each other with courtesy and respect. Abuse in the form of intimidation, harassment, or threatening behavior directed towards any teacher, student, or administrative staff will not be tolerated.

No person shall enter, or attempt to enter, a virtual session fraudulently using the name or likeness of another student, faculty, or staff member.

Student Communication

All communications with students over virtual meetings shall remain professional and shall be for educational purposes only. Any inappropriate material used during a virtual meeting including, but not limited to, sexual material, derogatory material, and/or items exhibiting drugs and/or alcohol is strictly prohibited. Social media shall never be used or approved as a communication method.

When conducting distance learning or any other virtual meeting with students, a minimum number of ____ students must be present.

If individual instruction is required due to individualized education plans or 504 plans parental presence is required throughout the duration of the instruction.

Disclosure of Information

Staff shall be aware of the information that is being disclosed over virtual meetings to students, parents, or other staff members. Information shall only be shared that is relevant to instruction and no information shall be shared that violates state or federal law including the Family Educational Rights and Privacy Act (FERPA).

FERPA protects personally identifiable information (PII) from students' education records from unauthorized disclosure. FERPA defines education records as "records that are: (1) directly related to a student; and (2) maintained by an educational agency or institution or by a party acting for the agency or institution." Staff shall be aware of what constitutes personally identifiable information and shall only share information in accordance with the Family Educational Rights and Privacy Act.

Staff shall take care when sharing protected information, whether by FERPA or any other state or federal law, and shall only disclose information over a virtual meeting when necessary or when other methods, such as in person or in writing, is not feasible.

Professional Educator Code of Conduct

During all interactions over virtual platforms, staff shall be aware of and adhere to the Mississippi Educator Code of Ethics and Standards of Conduct. All behavior and material shared shall be in compliance with the code of conduct at all times.

CII. Responsible Use of District Issued Technology (IJB)

The North Bolivar Consolidated School District (NBCSD) provides the privilege of technology for use in the schools and distance learning situations. Use of any district technology, including the use of devices and other technology under the Mississippi Equity in Distance Learning Grant Program, shall only be used for its intended purpose and for school purposes.

Before being given permission to use district technology, each user, as well as a minor's parent(s) or guardian(s), is required to sign the Responsible Use of District Issued Technology Agreement.

Fines may be assessed for any intentional loss or damage of any school district devices.

Each user of district technology will:

1. Use school technology for school-related purposes only.

2. Treat school technology and devices with care and alert staff if there are any problems with operation.
3. Return district technology in the same manner as it was received minus normal wear and tear.

CIII. Return to School During COVID-19 (JGAA)

The Board is implementing this policy in an effort to minimize the risk that COVID-19 will impact the school district going forward. The Board recognizes that every employee and student of the North Bolivar Consolidated School District has a personal responsibility to help mitigate the risk of COVID-19's impact on staff, students, and visitors.

Accessing Campus

Each employee and student is expected to return to campus in accordance with federal, state, and local guidance. Depending on the circumstances at that time, different schedules may be used, such as:

1. Traditional Schedule – Requires students to be physically present in school with scheduling modifications to follow CDC and the Mississippi State Department of Health recommendations.
2. Hybrid Schedule – Combines online and face-to-face instruction for students. Schools must meet distance learning requirements.
3. Virtual Schedule – Provides instruction provided through distance learning. Schools must meet distance learning requirements.

These schedules may be interchanged throughout the school year. Traditional and Hybrid schedule requirements include avoiding unnecessary contact with surfaces and objects, maintaining a distance of at least six feet from others when possible, and practicing a heightened level of sanitation of district buildings and individual personal spaces. Unnecessary physical contact should be avoided.

Masks are required for all students and staff.

The Board understands that not all of these methods are possible at all times, such as remaining six feet apart while in classrooms; however, these directives shall be observed as closely as possible.

Campus and Vehicle Sanitation

The North Bolivar Consolidated School District will continue normal cleaning operations while also following the guidelines from both the Mississippi State Department of Health and the Mississippi Department of Education. Each employee is required to regularly clean his/her workstations, bus/vehicle, phones, desks, and other office equipment and should avoid using other staff member's phones, desks, offices, equipment, etc. when possible. If necessary, these areas should be cleaned and disinfected frequently throughout the day.

All employees should either wash their hands or use hand sanitizer before using a copying machine, common scanner, printer, or fax machine.

Students should refrain from sharing personal supplies such as pencils, pens, calculators, etc.

The Board understands that some common classroom items such as books and computers must be shared among students. For these items, both employees and students shall observe proper sanitation methods before and after use when possible.

Health Screenings

Each employee and student will have his/her temperature checked daily before entering any school building. Employees with a temperature of 100 degrees or more shall be asked to return home. Students with a temperature of 100 degrees or more shall be isolated and shall be immediately picked up from school by a parent or a parent's designee.

Each employee and student must also be aware if he/she has come into contact with any person who has experienced these symptoms or those who have tested positive for COVID-19. If an employee or student feels sick or is experiencing symptoms, that person should stay at home and not report to school. Employees and students shall be aware of the following symptoms listed below:

- Fever
- Shortness of Breath
- Cough
- Chills
- Unexplained Muscle Pain
- Sore Throat
- Loss of Sense of Smell

- Nausea, Vomiting, and/or Diarrhea

Reporting

Both employees and students shall immediately report in accordance with the chain of command:

1. Possible symptoms of COVID-19,
2. Confirmed positive test of COVID-19, and/or
3. Exposure to someone who may have been exposed to a confirmed COVID-19 patient.

Quarantine may be required after this report. The reporting requirement includes employees and students, a family member of an employee or a student, a friend of an employee or student, or anyone with whom the employee or student has been in close contact with during a 14-day period.

Student and Employee Absence

Any student and/or staff member who has been infected with COVID-19 will not be allowed to attend school until medical clearance is provided by a licensed physician that states that the individual does not bear the risk of transmission.

Each student will be required to attend school daily unless the school district is provided with a documented health reason for that student from a licensed health care provider as to why that student cannot attend. Distance learning options will be provided for students who cannot attend school due to a documented health reason.

Students with excessive absences due to COVID-19 shall be given a reprieve from other Board policies relative to excessive student absences. Efforts will be made by the staff to determine what, if any, school work the student can complete while absent. Distance learning methods may be used.

The school board may, in its discretion, provide additional administrative leave with pay for all employees (professional, certified, and classified) in the event of declared emergency closures.

Staff members who are forced to miss excessive days of work shall first use any leave entitled to them through accrued sick leave, the Family and Medical Leave Act, the Families First Coronavirus Response Act, and/or any other state or federal law that provides entitled leave to employees.

A staff member's right to continued employment will not be affected if the staff member has absences in excess of his/her allotted leave and still has not received medical clearance to resume his/her work duties.

Large Gatherings and Extracurricular Activities

All large gatherings, including assemblies and field trips, are prohibited. The North Bolivar Consolidated School District will follow all MHSAA guidelines and recommendations as it pertains to athletic events and activities.

Transportation

The North Bolivar Consolidated School District strongly encourages parents to transport their children to and from school.

Bus drivers and students will be required to wear masks or an appropriate face covering while on the bus. Any student who refuses to wear a mask or an appropriate face covering will not be allowed on the bus. Buses shall be sanitized between each route.

Cafeteria Use

Each school shall create and implement a breakfast and lunch plan whereby all social distancing guidelines are met and routinely followed.

Visitors to Campus

Visitors should avoid coming to campus unless it is absolutely necessary. When necessary, visitors should practice social distancing by remaining at least six feet apart from all other people when possible. Visitors will also be required to use hand sanitizer and masks upon entering the building and shall use only the front entrance.

Each employee of the district will refer to and ensure compliance with policy KM "Visitors to the Schools".

ANNUAL NOTIFICATION

Within the first month of each school year, the school district will publish a notice to parents and eligible students of their rights under the FERPA and this policy. The district will also send home with each student a bulletin listing these rights and the bulletin will be included with a packet of material provided by parents or an eligible student when the student enrolls during the school year.

The notice will include the following:

1. The right of a student's parent or eligible student to inspect and review the student's education records;
2. The intent of the school district is to limit the disclosure of information contained in a student's education records except: (1) by the prior written consent of the student's parent or the eligible student, (2) as directory information, or, (3) under certain limited circumstances, as permitted by the FERPA;
3. The right of a student's parent or an eligible student to seek to correct parts of the student's education records which he or she believes to be inaccurate, misleading, or in violation of student rights (this right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent's or eligible student's request and the right to insert in the student's permanent records an explanatory statement giving reasons for disagreeing with the decision);

4. The right to report violations of the FERPA to the Department of Education; and
5. The right to be informed about FERPA rights.

All rights and protections given parents under the FERPA and this policy transfer to the student when the student reaches 18 or enrolls in a post-secondary school.

PROCEDURE TO INSPECT EDUCATION RECORDS

The parent of a student or an eligible student may inspect the student's education records upon request. In some circumstances, it may be mutually more convenient for the record custodian to provide copies of records. See the schedule of fees for copies below.

Since a student's records may be maintained in several locations, the school principals will offer to collect copies of records or the records themselves from locations other than a student's school, so they may be inspected at one site. However, if a parent or eligible student wishes to inspect records where they are maintained, school principals will make every effort to accommodate the wishes.

The parent or eligible student should submit to the student's school principal a written request that identifies, as precisely as possible, the record or records he or she wishes to inspect.

The principal (or other record custodian) will contact the parent of the student or the eligible student to discuss how access will be best arranged (copies, at the exact location, or records brought to a single site).

The principal (or other record custodian) will make the needed arrangements as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected. This procedure must be completed in 45 days or less from the receipt of the request for access.

If for any valid reason, such as working hours, distance between record location sites, or health, a parent or eligible student cannot personally inspect and review a student's education record, the school district will arrange for the parent or eligible student to obtain copies of the record. See below for information regarding fees for copies of records.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the records of the other students.

FEES FOR COPIES OF RECORDS

The school district will not deny parents or eligible students any rights to copies of records because of the following published fees. Where the fee represents an unusual hardship, it may be waived in part, or in whole, by the record custodian. However, the district reserves the right to charge for copies, such as transcripts, it forwards to potential employers or to colleges and universities for employment or admission purposes. The school district may deny copies of records (except for those required by the FERPA) in the following situations:

1. The student has an unpaid financial obligation to the school.
2. There is an unresolved disciplinary action against the student that warrants the denial of copies.

FERPA requires the school district to provide copies of records:

1. When the refusal to provide copies effectively denies access to the records by a parent or eligible student;
2. At the request of the parent or eligible students when the school district has provided the records to third parties by the prior consent of the parent or eligible student; or
3. At the request of the parent or eligible student when the school district has forwarded the records to another school where the student seeks or intends to enroll.

The fee for copies provided under the FERPA may not include the costs for search and retrieval. The fee will be from no cost to ten cents per page. (Actual copying cost, less hardship factor.)

The fee for all other copies, such as copies of records forwarded to third parties with prior consent or those provided to parents as a convenience, will be from ten cents to thirty-five cents per page (actual search, retrieval, and copying cost) plus postage, if incurred.

DIRECTORY INFORMATION

The school district proposes to designate the following personally identifiable information contained in a student's education record as "directory information." (*NOTE: A district may designate all, some, or none of this information as directory information.*)

1. The student's name, address, and telephone number;
2. The names of the student's parents;
3. The student's date and place of birth;
4. The student's major field of study and class designation (i.e., first grade, tenth grade, etc.);
5. The student's extracurricular participation;
6. The student's achievement awards or honors;
7. The student's weight and height if a member of an athletic team;
8. The student's photograph;
9. The student's electronic mail address;
10. The students dates of attendance; and
11. The most recent educational institution the student attended prior to the student enrolling in this school district.

Within the first month of each school year, the school district will publish the above list, or a revised list, of items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be given to the student's parent or the eligible student at the time and place of enrollment.

After the parent or eligible student has been notified, he or she will have two weeks to advise the school district in writing (a letter to the school superintendent's office) of any or all of the items they refuse to permit the district to designate as directory information about the student.

At the end of the two-week period, each student's record will be appropriately marked by the record custodian to indicate the items the district will designate as directory information about the student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.

USE OF STUDENT EDUCATION RECORDS

To carry out their responsibilities, school officials will have access to student education records for legitimate educational purposes. The school district will use the following criteria to determine who school officials are. An official is:

1. A person duly elected to the school board;
2. A person certified by the state and appointed by the school board to an administrative or supervisory position;
3. A person certified by the state and under contract to the school board as an instructor;
4. A person employed by the school board as a temporary substitute for administrative, supervisory, or instructional personnel for the period of his or her performance as a substitute; or
5. A person employed by, or under contract to, the school board to perform a special task such as a secretary, a clerk, the school board attorney or auditor, for the period of his or her performance as an employee or contractor.

School officials who meet the criteria listed above will have access to a student's records if they have a legitimate educational interest in doing so. A "legitimate educational interest" is the person's

need to know in order to:

1. Perform an administrative task required in the school employee's position description approved by the school board;
2. Perform a supervisory or instructional task directly related to the student's education; or
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid.

The school district will only release information from, or permit access to, a student's education record with a parent's or eligible student's prior written consent except that the school superintendent, or a person designated in writing by the superintendent, may permit disclosure:

1. When a student seeks or intends to enroll in another school district or a post-secondary school (the district will not further notify the parent or eligible student prior to such a transfer of records; the parent or eligible student has a right to obtain copies of records transferred under this provision);
2. When certain federal and state officials need information in order to audit or enforce legal conditions related to federally supported education programs in the district;
3. The parties who provide or may provide financial aid to a student to;
 - A. Establish the student's eligibility for the aid,
 - B. Determine the amount of financial aid,
 - C. Establish the conditions for the receipt of the financial aid, or
 - D. Enforce the agreement between the provider and the receiver of financial aid;
4. When the school district has entered into a written agreement or contract for an organization to conduct studies on the school district's behalf to develop tests, administer student aid, or improve instruction;
5. To accrediting organizations to carry out their accrediting functions;

6. To comply with a judicial order or lawfully issued subpoena (the district will make a reasonable effort to notify the student's parent or the eligible student before making a disclosure under this provision); or
7. If the disclosure is an item of directory information, and the student's parent or eligible student has not refused to allow the district to designate that item as directory information for the student; or
8. In response to an ex parte order of the Attorney General of the United States or his/her designee in connection with the investigation or prosecution of terrorism crimes.

The school district will permit any of its officials to make the needed disclosure from student education records in a health or safety emergency if:

1. He or she deems it is warranted by the seriousness of the threat to the health or safety of the student or other persons;
2. The information is necessary and needed to meet the emergency;
3. The persons to whom the information is to be disclosed are qualified and in a position to deal with the emergency; or
4. Time is an important and limiting factor in dealing with the emergency.

The school district officials may release information from a student's education record if the student's parent or the eligible student gives prior written consent for disclosure. The written consent must include at least:

1. A specification of the records to be released;
2. The reasons for the disclosure;
3. The person, organization, or the class or organizations to whom the disclosure is to be made;
4. The parent's or eligible student's signature; and
5. The date of the consent and, if appropriate, a date when the consent is to be terminated.

The student's parent or the eligible student may obtain a copy of any records disclosed under this provision.

The school district will not release information contained in a student's education records, except directory information, to any third parties except its own officials, unless those parties agree that the information will not be re-disclosed without the parent's or eligible student's prior written consent.

RECORDS OF REQUESTS FOR ACCESS AND DISCLOSURES MADE FROM EDUCATION RECORDS

The school district will maintain an accurate record of all requests for it to disclose information from, or to permit access to, a student's education records and of information it discloses and access it permits with some exceptions listed below. This record will be kept with, but will not be a part of, the student's cumulative school records. It will be available only to the record custodian, the eligible student, the parent of the student, or to federal, state, and local officials for the purpose of auditing or enforcing federally supported educational programs.

The record will include at least:

1. The name of the person or agency that made the request;
2. The interest the person or agency had in the information;
3. The date the person or agency made the request; and
4. Whether the request was granted and, if it was, the date access was permitted or the disclosure was made.

The district will maintain this record as long as it maintains the student's education record.

The record will not include:

1. Requests for access or access granted to the parent of the student or to an eligible student;
2. Request for access granted to officials of the school district who have a legitimate educational interest in the student;

3. Requests for, or disclosures of, information contained in the student's education record if the request is accompanied by the prior written consent of a parent of the student or the eligible student or if the disclosure is authorized by such prior consent;
4. Requests for, or disclosure of, directory information designated for that student; or for
5. Requests for, or disclosure of, information contained in the student's education record if the request is in response to an ex parte order of the Attorney General of the United States or his/her designee in connection with the investigation or prosecution of terrorism crimes.

PROCEDURES TO SEEK TO CORRECT EDUCATION RECORDS

The parent of a student or an eligible student has a right to seek to change any part of the student's record believed to be inaccurate, misleading, or in violation of student rights. (*NOTE: under FERPA, the district may decline to consider a request to change the grade a teacher assigns for a course.*)

For the purpose of outlining the procedure to seek to correct education records, the term "incorrect" will be used to describe a record that is inaccurate, misleading, or in violation of student rights. The term "correct" will be used to describe a record that is accurate, not misleading, and not in violation of student rights. Also, in this section, the term "requester" will be used to describe the parent of a student or the eligible student who is asking the school district to correct a record.

To establish an orderly process to review and correct an education record for a requester, the district may make a decision to comply with the request for change at several levels in the procedure.

First Level Decision

When a parent of a student or an eligible student finds an item in the student's education record that he or she believes is inaccurate, misleading, or in violation of student rights, he or she should immediately ask the record custodian to correct it. If the record is incorrect because of an obvious error and it is a simple matter to make the record change at this level, the record custodian will make the correction. However, if the record is changed at this level, the method and result must satisfy the requester.

If the record custodian cannot change the record to the requester's satisfaction, or if the record does not appear to be obviously incorrect, the record custodian will:

1. Provide the requester a copy of the questioned record at no cost;

2. Ask the requester to initiate a written request for the change; and
3. Follow the procedure for a second level decision.

Second Level Decision

The written request to correct a student's education record through the procedure at this level should specify the correction the requester wishes the district to make. It should at least identify the item the requester believes is incorrect and state whether he or she believes the item:

1. Is inaccurate and why;
2. Is misleading and why; and/or
3. Violates student rights and why.

The request will be dated and signed by the requester.

Within two weeks after the record custodian receives a written request, he or she will study the request, discuss it with other school officials (the person who made the record or those who may have a professional concern about the district's response to the request), make a decision to comply or decline to comply with the request, and complete the appropriate steps to notify the requester or move the request to the next level for a decision.

If, as a result of this review and discussion, the record custodian decides the record should be corrected, he or she will effect the change and notify the requester in writing that the change has been made. Each such notice will include an invitation for the requester to inspect and review the student's education record to make certain the record is in order and the correction is satisfactory.

If the record custodian decides the record is correct, he or she will make a written summary of any discussions with other officials and of the findings in the matter. The record custodian will transmit this summary and a copy of the written request to the school superintendent.

Third Level Decision

The school superintendent will review the material provided by the record custodian and, if necessary, discuss the matter with other officials such as the school attorney, or the school board (in executive session). The superintendent will then make a decision concerning the request and complete the steps at this decision level. Ordinarily, this level of the procedure should be completed within two weeks. If it takes longer, the superintendent will notify the requester, in writing, of the reasons for the delay and a date when the decision will be made.

If the superintendent decides the record is incorrect and should be changed, he or she will advise the record custodian to make the changes. The record custodian will advise the requester of the change as at the second level.

If the superintendent decides the record is correct, he or she will prepare a letter to the requester, which will include:

1. The school district's decision that the record is correct and the basis for the decision;
2. A notice to the requester that he or she has a right to ask for a hearing to present evidence that the record is incorrect and that the district will grant such a hearing;
3. Instructions for the requester to contact the superintendent, or an official he or she designates, to discuss acceptable hearing officers, convenient times, and a satisfactory site for the hearing (the district will not be bound by the requester's positions on these items, but will, so far as possible, arrange the hearing as the requester wishes); and
4. Advise that the request may be represented or assisted in the hearing by other parties, including an attorney at the requester's expense.

Fourth Level Decision

After the requester has submitted (orally, or in writing) his or her wishes concerning the hearing officer and the time and place for the hearing, the superintendent will, within a week, notify the requester when and where the district will hold the hearing and who it has designated as the hearing officer.

At the hearing, the hearing officer will provide the requester a full and reasonable opportunity to present material evidence and testimony to demonstrate that the questioned part of the student's education record is incorrect as shown in the requester's written request for a change in the record (second level).

Within a week after the hearing, the hearing officer will submit to the school superintendent a written summary of the evidence submitted at the hearing. Along with the summary, the hearing officer will submit his or her recommendation, based solely on the evidence presented at the hearing, that the record should be changed or remain unchanged.

The school superintendent will prepare the district's decision within two weeks of the hearing. The decision will be based on the summary of the evidence presented at the hearing and the hearing officer's recommendation. However, the district's decision will be based solely on the evidence presented at the hearing. Therefore, the superintendent may overrule the hearing officer if the superintendent believes the hearing officer's recommendation is not consistent with the evidence

presented. As a result of the district's decision, the superintendent will take one of the following actions:

1. If the decision is that the district will change the record, the superintendent will instruct the record custodian to correct the record. The record custodian will correct the record and notify the requester as at the second level decision.
2. If the decision is that the district will not change the record, the superintendent will prepare a written notice to the requester that will include:
 - A. The school district's decision that the record is correct and will not be changed;
 - B. A copy of a summary of the evidence presented at the hearing and a written statement of the reasons for the district's decision; and
 - C. Advice to the requester that he or she may place in the student's education record an explanatory statement which gives the reasons he or she disagrees with the school district's decision and/or the reasons he or she believes the record is incorrect.

DISTANCE LEARNING

Online Educational Services are services involving computer software, mobile applications (apps), and web-based tools provided by a third-party to a school district that students and/or parents access via the internet and use as part of a school activity.

All methods of distance learning involving online educational services shall be evaluated and approved by the Superintendent or his/her designee prior to use to ensure the platform's security and to ensure that there is no risk of disclosure of student protected personally identifiable information. When using an online educational service, the district shall have a written contract in place prior to use which dictates the necessity of security and data protection. If a contract with a provider is not possible, such as with free-to-use applications, the district must use the utmost caution and validate the security of the application before use. The Superintendent shall consult legal and information technology staff during this process.

Personally identifiable information must be protected at all times in accordance with FERPA. The district shall inform parents of any third-party provider used during distance learning. Non-students shall be discouraged from participating in any district sponsored distance learning.
